A stallion that needs no introduction to the Australian show scene, Nevada has a prolific show record being a multi All Welsh and Royal Show Best Welsh Exhibit winner. Boasting a pedigree with many of the great immortals in Waxwing Herd, Coed Coch Bari and Revel Pye, Nevada offers breeders the opportunity to breed type and movement from proven bloodlines with the bonus of colour. His progeny have excelled in the showing with multiple All Welsh and Royal Show accolades to their credits.

Winning the prestigious Royal Welsh Show three times, Bonheddw is one of the most successful UK imports now available to Australia breeders. From limited progeny shown in Australia his youngstock have been awarded multiple All Welsh champions including Best Youngstock of Show at the 2018 NSW All Welsh Exhibit. An impressive stallion with tremendous Welsh quality and movement rarely available in Australia.

Natural cover and chilled semen service fee \$900 LFG
